Woodman45

All Modern Features Including Full Swing & Tilt Functions
In A Classic Wood-Body Field Camera.

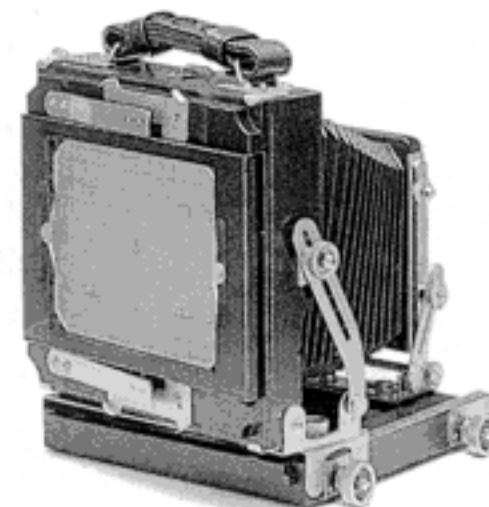

Hand-Crafted Cherry-Wood Body : Beauty Made By Nature

Experienced craftsmen take their time in hand-making each individual Woodman 45 with lavish care. Hold it in your hands and you will feel the natural warmth that only wood can impart. A full format 4x5" field camera, convertible to 6x9, 6x7 and even panoramic 6x12cm formats by using different roll film holders.

Built To Last, Easy To Use

The body, made light, compact and easy to set up, accepts Linhof standard lens panels to give you a tremendous choice of lenses from wide-angle to telescopic. Thoughtful craftsmanship is extended to the finest detail -- even the screw holes are especially secured for long-time reliability. Plus : Full swing & tilt functions meet all artistic demands.
